

Sunshine Pre-school – Subscribing to our calendars

We run separate Google calendars for each of our 3 settings. The calendars can be found on our website on each setting page. In addition, you can subscribe to these calendars so you can keep in the loop with all our events and activities.

You subscribe to a calendar using a link. Where and how you add this link depends on the calendar application you use – Google, Apple etc. In most cases you will need to add this link wherever it says ‘Add a calendar’ or ‘Add an Internet Calendar’ in your main calendar interface. Below are the calendar links for each setting and links to instructions on how to add them depending on what system you use.

Calendar URLs:

St Gerard’s, Knowle
